STATEMENT REGARDING DISABILITY ACCESS

As a charity organisation the CRCC are committed to providing services that are accessible to all.

Since moving into our Truro offices in 2008 we have been working towards improving access to the building wherever we can. We have now been successful in acquiring equipment to enable full wheelchair access to our office and this is readily available. However, we regret that we do not currently have disabled-friendly toilet facilities.

It is our intention to provide these facilities in the future, if it is possible and we are currently in the process of applying for planning permission. We hope that this will be successful and if we are able to gain support with the funding we endeavour to provide these facilities as soon as we are able.

Meantime please accept our sincere apologies for this unavoidable situation.
